## WORK EXPERIENCE

1994-2005 Graduate Engineer for F.C.TRAPP Building Contractor (Bochum branch) until closure of company branch in 2005.  
04/1993 – 12/1993 Employed at architect's office Schlüssener in Kempen until end of December (closed due to insolvency)

## FIELDS OF ACTIVITY

My fields of activity as qualified engineer working for F.C.Trapp comprise different areas. Special projects follow and serve as examples.

- Technical processing of various construction projects.
- Independently leading and with sole responsibility work preparation in the field of *structural engineering* (on turnkey basis).
- Recording invitations to tender in the RIB-ARRIBA programme.
- Recording bill of quantities and specifications
- Calling for tenders of subcontractors, as well as calculating prices on the basis of professional evaluation and analysis
- Cost-conscious awarding of turnkey construction work (according to VOB demands)
- Setting up time schedules and construction schemes for various projects

## SPECIAL PROJECTS (ON TURNKEY BASIS)
